

PRINCE GEORGE'S COUNTY
Senior Resource Guide

2024

A MESSAGE FROM THE
County Executive

Greetings,

I am honored to continue to serve and support our esteemed senior community as your County Executive. As we embark on the next phase of our administration, I am delighted to introduce the 2024 Senior Resource Guide. This guide, a collaboration between the Department of Family Services, Aging and Disabilities Services Division, and the Prince George's Senior Provider Network (PGSPN), aims to assist seniors, caregivers, and families in identifying valuable services and resources for their specific needs.

The senior population in our County is steadily growing, accounting for 21.5% of our total population based on the latest American Community Survey Census Data. That is why it is crucial that our residents, particularly older adults and caregivers, have access to timely information when they require assistance.

Within this guide, you will find an extensive list of services that are vital to the well-being of older adults and family caregivers. Through our County's partnership with the PGSPN, we have highlighted programs tailored specifically for the elderly. Additionally, this guide features a comprehensive directory of businesses that are proud members of the PGSPN, offering services catering to the needs of older adults and family caregivers within our community.

As many of you are aware, seniors hold a special place in my heart and are an integral part of our County and nation. Please remember that your County Government is always available to support you, and we consider it a privilege to continue serving you and your loved ones.

Sincerely,

Angela Alsobrooks
County Executive

A MESSAGE FROM THE
Area Agency on Aging

The Prince George's County Department of Family Services, Aging and Disabilities Services Division, which also serves as the local Area Agency on Aging, has partnered with the Prince George's Senior Provider Network (PGSPN) to present this 2024 Senior Resource Guide. The mission of the Area Agency on Aging is to provide services, information, and resources for older adults, caregivers, and families. Through this guide we endeavor to connect older adults and family caregivers with resources to assist with their desire to age in place in their homes and community. We also want to provide caregivers with information about long-term care options for their loved ones.

This Senior Resource Guide is your source of information to help guide you to resources when you need services. It provides a list of resources from businesses, non-profits, and County agencies. This guide includes information about housing, transportation, home health services, recreation, and more. In addition, there is a section of definitions to help you understand terminology associated with long-term care.

The Department of Family Services' staff strives to provide exceptional service as we assist older adults and family caregivers. As the local Aging and Disability Resource Center, we want to provide you with the help you need. Our staff is willing to speak with you and answer questions that you may have regarding long-term care and the many options available. Please take advantage of this resource guide and if you need additional information, contact our office at 301-265-8450.

We hope that you find this Senior Resource Guide valuable, and keep it close at hand. It is our desire to support you as you seek services and programs for yourself, family members, and friends.

Sincerely,

Karen H. Sylvester, Director
Area Agency on Aging

Message from PGSPN President

Welcome to the 2024 Prince George's County Senior Resource Guide!

The Prince George's County Senior Provider Network (PGSPN) is a 501 c (3) non-profit organization dedicated to improving and enriching the quality of life for Prince George's seniors and their caregivers. Our services span a wide spectrum of life stages. Our mission reflects the understanding that the impact of a family elder's life extends to every family member. PGSPN brings together business owners, non-profits, and government representatives to enhance the well-being of seniors and their families. By fostering connections, collaboration, and education, we ensure that families in need can easily access our network of service providers. Our community meets regularly to share knowledge, address senior-related issues, and engage in annual service projects.

PGSPN supports Prince George's County Seniors, their families, and caregivers by:

- Producing and distributing the Prince George's Senior Resource Guide
- Organizing a Speakers Bureau to provide free information on senior relevant topics to senior groups, center patrons, and community groups
- Sponsoring senior community events
- Donating incontinence supplies for seniors in need
- Serving as an information resource to public agencies regarding the needs of seniors
- Hosting an annual family caregivers' workshop
- Supporting seniors in need through other special projects

Monthly membership meetings are held on the third Thursday.
For more information, please visit www.pgspn.org

Sincerely,

Shaunda P. Bellamy

A Message from Crescent Cities Charities, Inc.

On behalf of the Board of Directors of Crescent Cities Charities, Inc., we are pleased and honored to sponsor the 2024 Prince George's County Senior Resource Guide.

As you are aware, the information contained in this publication can be of vital importance to anyone in need of a specific service, i.e. health care, financial, transportation, nutrition, housing, recreation, and much more.

Since 1993, the mission of Crescent Cities Charities has been to provide educational assistance to promising students with financial need and to provide grants and programs to worthy charities and community organizations in Prince George's County and surrounding region.

For twenty years, Crescent Cities Charities owned and operated Crescent Cities Center, which is a 150-bed skilled nursing facility in Riverdale Park. We recently sold the facility and are now using those funds to support grant distributions to hundreds of worthy non-profit groups in our area totaling over \$2.9 Million Dollars since May, 2019. Additionally, we have provided over \$1 Million Dollars in scholarships to 490 graduating high school seniors in the Prince George's County area.

If you are a part of a non-profit group or are aware of one that does charitable work, I encourage you to visit ccharities.org and find out more about our organization. We are here for you.

May God bless each of you, and it is my sincere hope that this year's edition of the Senior Resource Guide will help make your daily decisions and activities a bit easier.

Hospice care is a specialized care that focuses on supporting you and your loved ones during an advanced illness. The emphasis is on comfort and quality of life, rather than finding a cure. Hospice care enables you to live each day to the fullest as comfortably and dignified as possible. When you need care, we're ready to provide it. Any day of the year, any time of the day, we can initiate hospice care for you or your loved one. As mutual care providers, we work closely with your health care professionals to make sure specific protocols are followed closely. Pain and symptom management is our primary focus. Our caring, interdisciplinary staff also provides psychosocial and spiritual support along with other comforting treatments and therapies.

PRINCE GEORGE'S COUNTY Area Agency on Aging Programs

Advisory Committee on Aging is comprised of 24 members, appointed by the County Executive and confirmed by the County Council to advise them on issues related to aging. The members are residents representing public, and private communities. Its mission is to advise the Prince George's County Executive and County Council on issues related to aging and to support and advocate the promotion of choice, dignity, and independence for all older Prince Georgians and their families. Meetings are held throughout the year and are open to the public. If you would like additional information about the Advisory Committee on Aging contact us at 301-265-8450 or email us at agingadvisory@co.pg.md.us.

Aging and Disability Resource Center (ADRC) offers a single point of contact for senior citizens and their families who need information, referral and/or assistance to deal with the complex and continually changing nature of aging programs, services and benefits. Linkage to these services and programs are also available to isolated seniors and those with disabilities. This service also includes follow-up to assure service delivery to clients. The ADRC can also link persons with older family members living outside the area with services in their community. Call 301-265-8450.

Community First Choice provides community services and supports to enable individuals who meet an institutional level of care to live in their own home. Services include personal assistance, nurse monitoring, and home delivered meals.

Community Options Waiver enables older adults to remain in a community setting even though their advanced age or disability would warrant placement in a long-term care facility. The Waiver allows services that are typically covered by Medicaid only in a long-term care facility to be provided to eligible persons in their own homes or in assisted living facilities.

Community Personal Assistance Services formerly known as the Medical Assistance Personal Care Program (MAPC) provides support to individuals who require assistance with their activities of daily living, but do not meet an institutional level of care. Community Personal Assistance Services allow individuals who are chronically ill, frail, or disabled the opportunity to stay in their home by granting personal support with daily tasks such as bathing, dressing, and meal preparation. Other services include nurse monitoring and support planning.

Dementia Friendly Prince George's "A dementia-friendly community" is one in which people with dementia are empowered to have high aspirations and feel confident, knowing they can contribute and participate in activities that are meaningful to them. The goal of the Prince George's County Dementia Friendly Initiative is to leverage resources, both public and private to create a community that supports those with dementia, their caregivers and families. Dementia Friendly Prince George's is a volunteer-driven collaboration preparing communities for the personal, social, and budgetary impacts of Alzheimer's disease.

Evidence-based Chronic Disease Self Management provides the "Living Well" Chronic Disease Self-Management Program to Older Adults in the County. This program is a workshop; given two and a half hours, once a week, for six weeks, in community settings. People with different chronic health problems attend together. Workshops are facilitated by two trained leaders, one or both of whom are non-health professionals with a chronic disease themselves. This program is especially helpful for people with chronic illness, such as hypertension and diabetes, as it gives them the skills to understand how to communicate effectively with doctors, manage their own health, medications and nutrition, as well as understand the effect of stress, anxiety and pain.

Family Caregivers Program provides assistance to caregivers; who may include family, friends, and members of the community, with access to support groups, problem solving, education, respite care, and other support services. The caregiver provides care to an older individual who may be losing their ability to live and care for themselves independently.

Foster Grandparent Program provides opportunities for older volunteers to work with physically, mentally and emotionally challenged children in schools and special centers throughout the County. These children would otherwise be without the personal attention necessary for their social adjustment and maturation.

Health Promotion and Disease Prevention is a program designed to promote and educate the importance of a healthy lifestyle to older adults that attend Area Agency on Aging sponsored programs.

Long Term Care Ombudsman Program promotes the highest quality of life and care possible for residents in long term care facilities. The Ombudsman, with the assistance of volunteers, investigates and seeks problem resolutions which affect residents' rights, health, care, safety and welfare.

Maryland Access Point of Prince George's County serves as a single point of entry into the long-term care system for older adults and persons with disabilities. The MAP is a partnership effort with the local Health Department, Department of Social Services, and Independence Now, Inc. which services as the local Center for Independent Living (CIL). This collaboration facilitates a one-stop shop for older persons, persons with disabilities and their families. 301-265-8450.

Money Follows the Person (MFP) is designed to streamline the transition process for individuals who chose to transition from a long-term care facility to a community setting. A community setting as defined by MFP is a residential setting with four or fewer unrelated residents.

Public Guardianship Program ensures the provision of optimum care/services for adjudicated Wards of the court, through professional case management. As an agent of the Circuit Court, case management decisions are made pertaining; to medical care, living arrangements and overall personal welfare issues.

Retired and Senior Volunteer Program provides volunteer opportunities for over 400 seniors, age 55 and older. Volunteers serve in a variety of interesting and challenging assignments at over 40 non-profit organizations, schools and government agencies. In addition, RSVP offers such programs as; friendly visiting, telephone reassurance, tutoring to school-aged children, and supportive services to community and government agencies.

Area Agency on Aging Programs

Senior Assisted Living Group Home Subsidy Program combines housing with supportive services for seniors who need regular assistance with activities of daily living, but are not in need of nursing home placement. By offering congregate meals, housekeeping, personal services and 24-hour supervision, this program enables frail elders to continue living in the community. The homes are licensed by the Department of Health. Homes enrolled in the Senior Assisted Living Group Subsidy Program that have subsidy residents are monitored quarterly by the Area Agency on Aging's Program Monitor. All other 4-16 bed Assisted Living Facilities are monitored every 12-15 months.

Senior Community Service Employment Program (SCSEP) is a community service and work-based job training program for low-income, unemployed older Prince George's County residents. SCSEP participants gain work experience in a variety of community service locations to include non-profit and public facilities, such as schools, hospitals, day-care centers, and senior centers.

Senior Care Program provides services for seniors who may be at risk of nursing home placement. These services can include personal care, home delivered meals, emergency response system, medical and personal supplies, and other services. Senior Care is a gap-filling program for seniors 65 years of age and older who have limited income and assets.

State Health Insurance Program provides free health insurance counseling and assistance to

persons with Medicare and other health insurance benefits. Trained staff and volunteer counselors provide information about Medicare, Medicaid, Medigap, Long-Term Care Insurance, Health Maintenance Organizations (HMOs), claims, appeals, and physician and hospital bills.

Senior Nutrition Program offers a variety of nutritious meals which meets 1/3 of the Recommended Dietary Allowances for older adults. Meals are served at congregate site locations and are delivered to those homebound seniors within the community. The program provides hot and frozen meals to eligible participants.

Senior Medicare Patrol is a program designed to reduce the amount of federal and state funds lost, due to health insurance fraud, by increasing the public's ability to detect and report possible fraud, waste, and abuse.

Telephone Reassurance Program recruits volunteers from the community, senior centers and other volunteer programs to place daily reassuring telephone calls to senior citizens within Prince George's County. The goal of the program is to eliminate some of the concerns facing homebound senior citizens who live alone, thereby, reducing social isolation. The program provides the opportunity for seniors to connect by telephone with a friendly voice; this allows individuals to stay in contact with their community and helps decrease the feelings of loneliness and isolation. The Program also provides added peace of mind for relatives who live out of town.

County Call-A-Bus Service

Call-A-Bus is a demand response curb-to-curb service (you must be able to get to the curb on your own). Service is available to all residents of Prince George's County who are not served by or cannot use existing bus or rail service. However, priority is given to seniors and persons with disabilities. You must provide your own escort. Service animals are allowed for the visually impaired.

Reservations can be made up to seven (7) days in advance by calling 301-499-8603 between 7:30 am–4:30 pm. Monday through Friday (excluding County holidays).

- Hours of service are 8:30 am to 3:30 pm Monday through Friday (excluding County holidays).
- Same day requests are accepted but are subject to availability of resources.
- When reserving a trip, please be sure to indicate if you will need special assistance, such as a wheelchair lift or if your escort will be accompanying you.
- Once your trip is scheduled, you will be required to call back the day before your trip to confirm your reservation; otherwise, the reservation may be cancelled.
- Please be ready for pick-up 15 minutes prior to your scheduled time and be waiting at the pick-up location where you are visible to the driver.
- Due to traffic congestion, please wait at least 15 minutes from your scheduled time before calling to verify if your trip is late.
- Holidays have special schedules.

U of MD Shuttle Service

The City of College Park and the City of Greenbelt have a partnership with the University of Maryland to use the UMD Shuttle bus for an annual fee of \$10.00. Call the city government for details or visit their websites.

Medical Assistance Transportation (MATP)

The Medical Assistance Transportation Program (MATP) provides non-emergency transportation to Medicaid covered services to eligible Medical Assistance (MA) residents who have no other means of transportation of getting to their medical appointments. Services are provided after a thorough screening process for new clients. Current residents are also screened periodically.

These transportation services are provided through the use of Health Department vans and contracted vendors that provide sedan, wheelchair and ambulance transportation. There is no fee for the services. Non-emergency transportation must be scheduled a minimum of 24 hours in advance, unless patient has just been discharged from the hospital. CONTACT NUMBER is 301-856-9555.

ELIGIBILITY: To qualify, the resident will be asked to provide a copy of their Medicaid card, a Maryland State identification card evidencing the client is a resident of Prince George's County, and a signed HIPPA form. A primary care physician certification will be obtained after screening. Out-of-area physician referrals may also be needed prior to appointments that are more than 30 miles from the recipient's home. Trips to medical appointments are verified in advance of scheduling. Post-verifications are also performed.

If you are a current client, please call the Medical Assistance Transportation Program at 301-856-9555 for transportation, a minimum of 24 hours in advance of medical appointments. New clients will be contacted approximately 10 business days after their initial call so that screening can be conducted.

Senior SmarTrip® Card for Metro

The bright yellow Senior SmarTrip® card for citizens age 65 and older enables seniors to get a discounted fare on Metrobus and Metrorail. A SmarTrip® card is easy to use and faster than a farecard. Just touch it to the target on a faregate or farebox. Reduced fare will automatically be deducted. For a \$2 replacement fee, you'll get a new card with the value of the lost or damaged card at the time you notify Metro, if the card is registered.

Note: The \$2 fee for the Senior SmarTrip® card is the cost of the card only. This card has no monetary value. To add value, you must load value using a blue Passes/Farecards machine at any Metrorail station or a bus farebox that accepts SmarTrip® cards.

To purchase the card, seniors must show a valid government issued photo ID with proof of age at Metro designated locations. The Senior SmarTrip® card costs \$2.

Please note: Reduced fare SmarTrip® cards for senior citizens are not sold in vending machines located in Metro stations. Metro parking fees are NOT reduced.

If you are visiting the area, you may pay the reduced bus fare by showing the bus operator a valid government issued photo ID with a birthdate and address at one of the Metro sales locations to purchase the \$8.75 Metrobus Weekly Senior Pass or the \$10 Senior Metrorail farecard.

The following locations sell the Senior SmarTrip card during operating hours:

- Camp Springs Senior Activity Center, 6420 Allentown Road, Camp Springs
- Gwendolyn Britt Senior Activity Center, 4009 Wallace Road, North Brentwood
- John E. Howard Senior Activity Center, 4400 Shell Street, Capitol Heights
- Langley Park Senior Activity Center, 1500 Merrimac Drive, Hyattsville
- Laurel-Beltsville Senior Activity Center, 7120 Contee Road, Laurel
- Greenbelt Library, 11 Crescent Road, Greenbelt
- Hyattsville Library (temporarily closed), 6502 American Boulevard, Hyattsville
- Oxon Hill Library, 6200 Oxon Hill Road, Oxon Hill
- Spauldings Library, 5811 Old Silver Hill Road, District Heights
- South Bowie Library, 15301 Hall Road, Bowie

Senior Transportation Service

MEDICAL PROGRAM: Senior and disabled County residents may receive transportation for medical purposes, especially dialysis. Residents may call 301-499-8603 up to 7 days in advance to schedule routine appointments. For those seeking on-going or permanent transportation for medical purposes, such as dialysis treatment, you must request these services in writing and send to: Prince George's County, Office of Transportation, Attention: Transit Division, 9400 Peppercorn Place, Suite 320, Largo, MD 20774.

NUTRITION PROGRAM: Senior county residents may receive free transportation to strategically located group sites for nutritional lunch and companionship. Senior residents, who are homebound and cannot attend a nutrition site, may have meals delivered to their residence. Any person who is 60 years or older may be eligible, as is a spouse of any age when accompanying an age eligible spouse. The Senior Nutrition sites operate Monday-Friday, 10 am-2 pm. Note: limited transportation is available. For more specific information, call 301-265-8475.

Transportation Resource Guide

MetroAccess

MetroAccess is a shared-ride, door-to-door, paratransit for service for people whose disability prevents them from using bus or rail.

The service provides daily trips throughout the Transit Zone in the Washington Metropolitan region. The transit zone consists of the District of Columbia, the suburban Maryland counties of Montgomery and Prince George's, the Northern Virginia counties of Arlington and Fairfax, and the cities of Alexandria, Fairfax, and Falls Church. Riders are offered in the same service areas and during the same hours of operation as Metrorail and Metrobus. Metro Access is a service of the Washington Metropolitan Area Transit Authority (Metro) and is the region's complementary paratransit service offered in accordance with the American Disabilities Act (ADA).

To be eligible for MetroAccess service, an applicant must:

- Have a disability as defined by the ADA and be unable to utilize the Metrobus and Metrorail system some or all of the time as a result of their disability. OR
- Need to use a ramp or wheelchair lift to board or exit a public transit vehicle, but an accessible public transit vehicle is not being used at the time, date, and on the route you would travel. OR
- Be unable to travel to or from a bus stop or rail station due to a disability, or an accessible pathway to a bus stop or rail station available.

To determine if a customer is eligible to use MetroAccess, an application must be completed and certified by a health care professional. You can obtain an application by:

- Downloading online MetroAccess application. If you have a visual disability and require a Microsoft Word version or large print version of the application or an application in Spanish, simple Chinese, Korean or French, please email eligibility@wmata.com or contact our office so we can accommodate your request.
- Calling 202-962-2700 and select option 1 or TTY 202-962-2033 or
- Emailing eligibility@wmata.com
- Requesting in writing to: Metro Transit Accessibility Center, 655 Virginia Ave SW, Washington D.C.

The applicant must ensure that the healthcare provider documents all of their disability(ies) and how it prevents them from using the accessible Metrobus or Metrorail Systems. Please ensure to download the application only from the Metro web site. Outdated applications from external websites/agencies will not be accepted. Please ensure to read and follow the instructions on page 2 of the application. The current application version is dated July 2012.

Once the application has been completed, please contact the Transit Accessibility Center at 202-962-2700 and select option 5 to talk with one of our specialists, at which time an assessment appointment and interview will be scheduled. Please do not mail or fax the application. Spanish applications are also available upon request. **All assessments for MetroAccess eligibility are by appointment only.**

The final stage in the application process is the in-person and functional assessment. The interview and assessment appointment will be conducted at our main headquarters building in Washington, DC, where the applicant's independent travel skills and ability to use public transportation will be evaluated, including the ability to walk or travel a measured distance. During the interview, the applicant will also will be given information regarding Metro's Reduced Fare Program for Metrobus and Metrorail.

- If a mobility aid is used, it must be brought to the assessment, along with the completed original and signed application.

- Metro will be provided transportation to the interview free of charge from all locations within the core service area. The specialist will inform the applicant when scheduling the appointment if the pick-up address falls within the core service area. Applications also have the option of providing their own transportation to the appointment.
- Once the assessment is complete, the applicant will receive written notification of the accessible travel option that fits their travel needs within 7-10 business days after assessment. If it is determined that the applicant qualifies for MetroAccess, they will be mailed notification along with the appropriate MetroAccess Identification Card. NOTE: The ADA requires Metro to provide notification of an applicant's eligibility status within 21 days of submitting a completed application. If, for any reason, it takes longer than that to process the determination, the applicant will be eligible to use MetroAccess until Metro completes the eligibility process. This is called "presumptive eligibility." If 21 days have passed since Metro received the completed application, the applicant will be automatically granted eligibility for MetroAccess until the review process is completed.
- If the applicant is found not eligible for paratransit services, they may be eligible for the Reduced Fare Program for People with disabilities. If eligible they will be automatically enrolled and will receive a Reduced Fare (Disability) ID Card. Applicants have the right to appeal if found ineligible for MetroAccess and information on the appeal process will be sent along with notifications of ineligibility.

MetroAccess reserves the right to require a new eligibility assessment at any time. Reasons a new eligibility assessment might be required include, but are not limited to:

- Instances when there may have been possible improvements in a customer's ability to use public transit and/or
- Removal of physical barriers that previously prevented using accessible public transportation.

All MetroAccess customers are required to recertify for service periodically. Approximately 60 and 30 days prior to the expiration of a customer's eligibility, a reminder phone call will be made informing the customer that their eligibility for service is due to expire. At that time they will be directed to contact the Transit Authority Center to obtain an application for service. It is important to note that while we attempt to contact each customer, it is the customer's responsibility to ensure that they are recertified for the service prior to the expiration of their eligibility period. As a reminder to customers all MetroAccess ID Cards have the expiration date printed on the front of the ID card.

Call-A-Cab

Call-A-Cab is a transportation assistance program that provides transportation at a reduced cost for County seniors (age 60+) and/or County persons with disabilities. This program allows eligible residents to purchase coupon books that can be used to pay for rides with participating cab companies when Metrobus, Metrorail, and/or Call-A-Bus are not available. County seniors and/or persons with disabilities may purchase up to fourteen (14) \$20.00 coupon books in a six-month period at \$10.00 per book. You can call 301-883-5656 or Maryland Relay 800-735-2258 for more information.

Using Call-A-Cab is easy. Follow these steps:
